

The Delco Diamonds, founded in 2004, are based in Southeastern Pennsylvania. The Delco Diamonds is a not-for-profit organization for young women who dream of playing softball at a higher, more competitive level with the possibility of college scholarships. Our teams are represented by an elite group of athlete's ages 10 thru 18, from school districts throughout the greater Southeastern Pennsylvania area. It has been proven that young women who play organized sports achieve better grades in school, go on to higher education and become leaders in our society. The Delco Diamonds are seeking business sponsors who wish to help us achieve our organizational goals.

You may help by making a monetary gift to a player or the organization:
